## EXCESS AUTOMOBILE LIABILITY INSURANCE

Excess automobile liability insurance provides coverage to protect all active registered volunteers who use their personal automobiles for program-related duties. This insurance is over and above their personal auto insurance and only volunteers maintaining required personal liability insurance are eligible for coverage. The volunteer will automatically be covered by this insurance if they have provided a driver's license number and the state in which it is held, when filing out their Volunteer Activation Form. If they do not provide this information they are not entitled to this insurance. If the volunteer enters an inactive status they will not be eligible for this insurance until their status is reactivated.

**I hereby affirmatively waive coverage under the Business Travel Accident Program (see next page).**
